

Large Commercial Rate

(Effective: April 1, 2020)

SCHEDULE GS-D
General Service-Demand
Large Commercial Loads
Rate 5

APPLICABILITY

Applicable to all consumers for all uses subject to the established rules and regulations of the Cooperative. Limited to loads requiring over 50 KVA of transformer capacity. In addition, non-metered cable amplifiers and other similar non-metered loads shall be billed under this schedule.

CHARACTER OF SERVICE

Single or three-phase, 60 hertz, at available voltages

MONTHLY RATE

| | |
|--------------------|----------------------------------|
| Facilities Charge: | \$50.00 |
| Demand Charge: | \$ 5.00 Per KW of Billing Demand |
| Energy Charge: | 9.03 cents per KWH |

DETERMINATION OF BILLING DEMAND

The billing demand is based on the peak demand during the current month and the preceding 11 months and is higher of the following:

1. 100% of the current month demand
2. 90% of the previous summer month demand
3. 65% of a previous winter month demand

For the months of October through May:

1. 90% of the previous summer month demand
2. 65% of the current or previous winter month demand

MIDDLE GEORGIA ELECTRIC MEMBERSHIP CORPORATION RATES

POWER FACTOR ADJUSTMENT

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges may be adjusted for all consumers with 500 KW or more of billing demand to correct for average power factor lower than 90%. The demand shall be taken at 90% of the highest KVA demand recorded during that period.

Rate 5 (continued)

MINIMUM CHARGE

The minimum monthly charge shall be higher of the following charges:

1. Facilities charge of \$50.00 plus \$5.00 per KW of billing demand
2. As specified in the contract for service

POWER COST ADJUSTMENT

The amount calculated at the above rate is subject to increase or decrease under the provisions of the Cooperative's Power Cost Adjustment Clause.
